Sub: Renewal of approval of the AICTE beyond 1995-96 academic session for undergraduate architectural education.

Dear Sir,

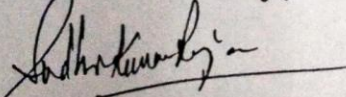

The AICTE had accorded its conditional approval upto 1995-96 to your proposal for starting undergraduate architectural education with a sanctioned intake of 40. This approval has to be renewed before actual admissions for the academic session 1995-96 onwards after a visit of the Experts Committee to your institution for a compliance report to ensure that your institution has complied with all the conditions stipulated as contained in the approval letter. This visit will have to be undertaken well in advance before the actual admissions for the academic session 1995-96. It is proposed that the visit will have to be undertaken some time in January-February, 1995 on a mutually convenient date.

I also invite your attention to the letter No.CA/5/94 dated 8th August, 1994 from the Council of Architecture requesting for a compliance report in the prescribed proforma. The information in the prescribed proforma (copy enclosed) is required to be submitted by return of post if not already furnished to enable the Committee to visit your institution if you are interested to continue the undergraduate architectural education from the academic session 1995-96.

I also request you to note that all expenses on the visit of the Committee to your institution has to be borne by your institution at the time of the visit.

I once again request you to kindly submit the compliance report in the prescribed proforma without fail and intimate the dates suitable for the visit of the Expert Committee.

Yours faithfully,

S K Ranjan

Encl: as above.
