DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

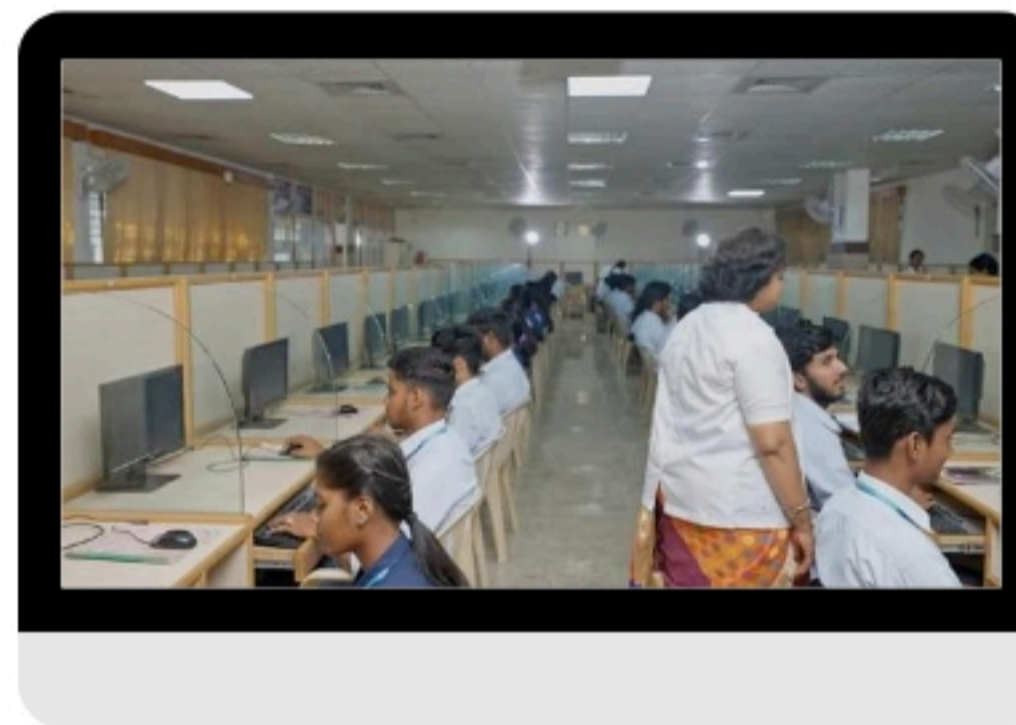

MISSION

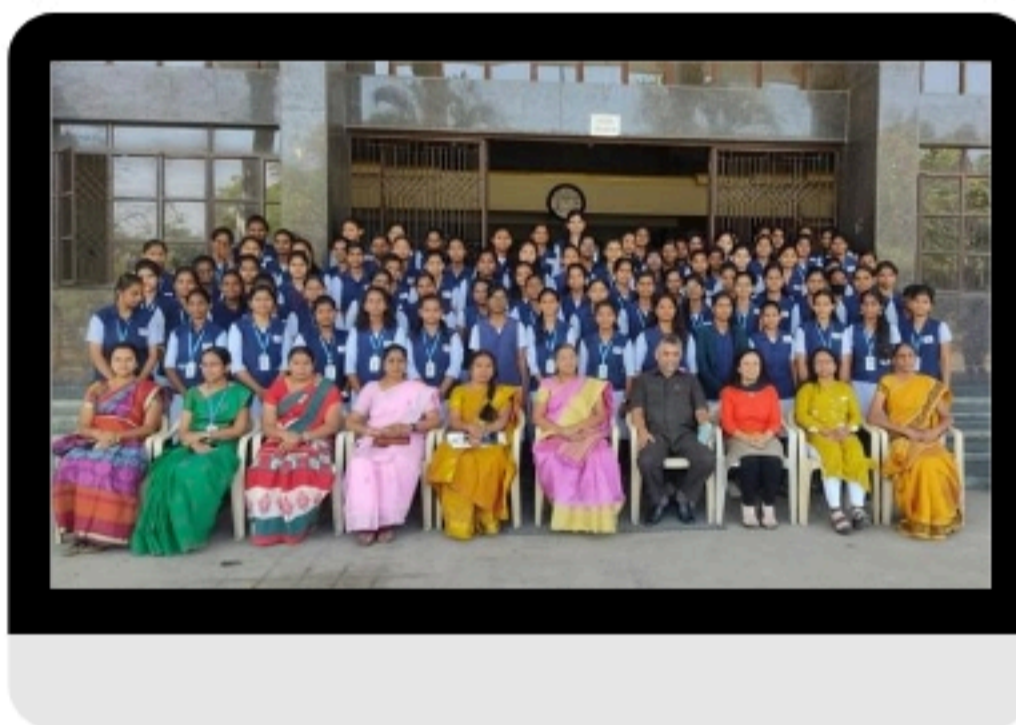

- To produce competent and quality professionals by imparting computer concepts and techniques and a zest for higher studies.
- To facilitate the students to work with modern tools, inventive technologies and innovative research capabilities.
- To build leadership qualities in the students by inculcating the spirit of ethical values.

ABOUT US

- In the world of Information technology, the human life will be incomplete without the role of Computer Science. Computer Science and Engineering at ACE was inaugurated in the year 1991. The intake of B.E. Computer Science and Engineering is 180 and M.E. Computer Science and Engineering is 12. Here we empower students with the tools and ideas that can be applied anywhere both in college and beyond. We aim at molding the students into highly qualified technocrats and to make them good citizens of our nation to serve the industry and society. B.E. Computer Science and Engineering programme has a heartfelt team of dedicated faculty members with a sound knowledge in various areas and it has the state-of-art facilities for various laboratories and supports smart class learning.
- Periodic guest lectures, workshops are organized through CSI, ISTE&IE(I) and ICT Academy Student Chapters for the benefit of students to supplement their curriculum. This facilitates the students to enrich their knowledge and to update the current industry trends. The Placement cell training is functioning with full enthusiasm with the aim of placing the students in top-notch companies. The department shows excellent performances in examinations, placement, research and consultancy, continuing programmes, industry Institute Partnership, and Publication by faculty members and PG students. About 90% of the students are placed in various MNCs. The students are encouraged to participate in various activities like Paper Presentation, Sports and Cultural Activities.
