2.5.3 IT integration and reforms in the examination procedures and processes including Continuous Internal Assessment (CIA) have brought in considerable improvement in Examination Management System (EMS) of the Institution

- **Software details**

CoE office activities are automated using a licensed EMS software INSPRO-PLUS ERP 6.6 supplied by M/s. Palpap Ichinichi software International Ltd, Chennai. This facilitates for automation of entire process of examinations from generation of examination applications and Hall tickets with photo, galley and attendance sheets, result processing, seating arrangement, TMR preparation and grade sheet generation. Software Upgraded over last five years from server edition to cloud edition.

- **Introduction of examination fee payment online mode**

From AY 2019-20 onwards examination fee and other fee payment made online.

- **Introduction of coding and decoding process**

For confidential and fast processing of results all semester end theory examination of answer scripts are jumbled and dummy numbered using EMS Software

- **Central valuation**

After the semester end examinations, answers scripts are bundled and dummy numbers are assigned and evaluated by both internal and external examiners lead by chief examiner under central valuation scheme. By using OMR sheets and coded answer scripts, assessment of answer papers and entry of marks is streamlined. Mechanized reading of shaded OMR sheets and linking this output to software speeded up results publication process.

- **Continuous Internal Assessment**

Continuous assessment process is fully automated using the periodically updated subject-wise question bank. OMR sheets are used to assess CA marks to minimize errors and to ensure accuracy.

- **Students seating arrangement**

Day to Day seating arrangement for semester end examinations is done using software from AY 2016-17 onwards.

- **Results publication and SMS sent to parents**

Result Passing Board convened to approve the semester results and will be uploaded to institute's website and parents are intimated through SMS from the AY 2017-18 onwards.

- **Revaluation**

Any student who is not satisfied with the valuation and results published, may apply for revaluation based on COE office notification. The revaluation of answer scripts will be revealed by the CoE to the external evaluators as per the guidelines provided by the university. Revaluation for practical examination subjects is not permitted. Provision of photocopy of answer scripts to the desiring students is also made available.

- **Online examination**

Semester end examinations were conducted in online mode for 2 hours duration during COVID pandemic period using "Cocubes" platform hired from Aons consultancy, Gurugram and all continuous assessment examinations are also conducted in online mode.

For the smooth completion of evaluation process, different Committees like Examination Committee, Board of Examinations Committee, Disciplinary Committee and Students Grievance Committee are in operation. Meetings with all the faculty heads are organized before the start of examinations for solving the examination and academic hurdles (if any) and inviting their valuable suggestions.
